DAILY PUBLIC LEDGER—1899.

MAYSVILLE, KY., SATURDAY, OCTOBER 16, 1909.

ONE COPY—ONE CENT.

SAME OLD STORY

Last year, beneath the silver moon,  
He asked the olden question.  
Her hand, he vowed, would be a boon—  
"Say 'Yes,'" was his suggestion.  
And from the bottom of his heart  
When love at last unpert it,  
He murmured with a lover's art,  
He called her "dear"—and meant it.

But yesterday she went down town  
And purchased a new bonnet;  
She also bought a dinner gown  
With sequins sewed upon it.  
In fact, she knew his back account,  
And more than overpert it,  
When he had figured the amount,  
He called her dear—and meant it.

## COAL PIRATES

### Board a Train and Get in Their Work in Broad Daylight

We have read of Pirates on the rolling sea, but land pirates is something out of the ordinary, especially the kind that habitate in the East End of this city—boys, girls, men and women, whose ages range from ten to forty. Standing at the gates crossing Carmel street yesterday afternoon waiting for a Westbound coal train to pass, the writer witnessed a novel sight, and not altogether uninteresting, even though it was a piratical act. As the train passed, the presence of several boys seated on top of the coal attracted attention. It was noted that large lumps of coal were poised along the edge of the cars, that the least effort would cause them to topple and fall along the side of the track.

After the train had passed several hundred yards West of Carmel street the young coal thieves got busy, and in less than five minutes there was not less than thirty bushels of coal dumped off the cars, and in equally as short time some fifteen or more boys, girls and women were engaged in carrying it off in wheelbarrows, go-carts and in baskets.

The dare-devil manner in which the youthful pilferers swung themselves on and climbed up the side of the moving cars was blood-curdling, and the agility with which they performed the

dangerous act showed them to be adepts and old hands at the business.

There is no telling how much coal is stolen off the C. and O. cars; the loss must be considerable during a year.

The Kentucky Synod of the Presbyterian Church, in session at Lexington, selected Danville as the place for holding of the next annual session, which will open the first Tuesday in October, 1910.

Last evening between 7 and 8 o'clock the family of Mr. Bruce Allen, in West Second street, was thrown into a panic by a shot fired through the kitchen door facing the C. and O. track. The miscreant guilty of the deed was supposed to have fired the shot from a passing freight train. The train was stopped, however, and a thorough search failed to discover the would-be assassin.

In response to a call for a meeting of the property owners along the line of the much talked about zigzag pavement in East Second street, Sixth Ward, all were present at the Council Chamber yesterday afternoon at 4 o'clock, and the deliberations were presided over by Mayor Stallcup, who stated the conditions of affairs in a succinct manner. With the exception of one all were in accord that the improvement should be made in conformity with the ideas as expressed by the Mayor. The meeting was adjourned until Monday afternoon at 3 o'clock, when the City Engineer will lay before the meeting the line of the pavement in its present form, as well as one showing a straight line, as it should be. There seems to be no doubt but that amicable arrangements will be made in regard to the matter.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address, F. J. ## FREE TO YOU—MY SISTER

Free to You and Every Sister Suffering from Woman's Ailments.

I am a woman. I know woman's sufferings. I have found the cure. I will mail, free of any charge, my home treatment with full instructions to any sufferer from woman's ailments. I want to tell all women about this cure—you, my reader, for yourself, your daughter, your mother, or your sister. I want to tell you how to cure yourselves at home without the help of a doctor. Men cannot understand women's sufferings. What we women know from experience, we know better than any doctor. I know that my home treatment is a safe and sure cure for Leucorrhoea or Whites, Discharges, Ulceration, Displacement or Falling of the Womb, Profuse, Scanty or Painful Periods, Uterine or Ovarian Tumors or Growths; also pains in the head, back and bowels, bearing down feelings, nervousness, creeping feeling up the spine, melancholy, desire to cry, hot flashes, weariness, kidney and bladder troubles where caused by weakness peculiar to our sex. I want to send you a complete ten day's treatment entirely free to prove to you that you can cure yourself at home, easily, quickly and surely. Remember, that it will cost you nothing to give the

treatment a complete trial; and if you should wish to continue, it will cost you only about 12 cents a week, or less than two cents a day. It will not interfere with your work or occupation. Just send me your name and address, tell me how you suffer if you wish, and I will send you the treatment for your case, entirely free, in plain wrapper, by return mail. I will also send you free of cost, my book—"WOMAN'S OWN MEDICAL ADVISER" with explanatory illustrations showing why women suffer, and how they can easily cure themselves at home. Every woman should have it, and learn to think for herself. Then when the doctor says—"You must have an operation," you can decide for yourself. Thousands of women have cured themselves with my home remedy. It cures all, old or young. To Mothers of Daughters. I will explain a simple home treatment which speedily and effectually cures Leucorrhoea, Green Discharge and Painful or Irregular Menstruation in Young Ladies. Plumpness and health always result from its use.

Wherever you live, I can refer you to ladies of your own locality who know and will gladly tell you how they have cured themselves of all their ailments, and the free ten day's treatment is yours, also the book. Write today, as you may not see this offer again. Address MRS. M. SUMMERS, Box 11 South Bend, Ind., U. S. A.

## They Can Stop Their Hair Falling Out With Herpelide.

Ladies who have thin hair and whose hair is falling out, can prevent the hair falling out, and thicken the growth, with Newbro's "Herpelide." Besides, Herpelide is one of the most agreeable hair dressings there is. Herpelide kills the dandruff germ that eats the hair off at the root. After the germ is destroyed, the root will shoot up, and the hair grow long as ever. Even a sample will convince any lady that Newbro's Herpelide is an indispensable toilet requisite. It contains no oil or grease, it will not stain or dye. Sold by leading druggists. Send 10c. in stamps for sample to The Herpelide Co., Detroit, Mich.

## A GREAT INJUSTICE

To the Traveling Public is the Holding of the Evening Accommodation at Broshear's Station

There is considerable complaint here of late by the traveling public on account of the detention of the 5:30 evening Accommodation at Broshear's Station of from twenty to twenty-five minutes on account of the block being occupied by freight trains.

This is a gross injustice that should be rectified at once. It is not thought for a minute that the head officials are aware of the state of affairs; on the contrary, the fault lies with some minor employee who will hear something "drap" when the matter is carried to the powers that be in Richmond, Va., as it will be unless there is an immediate change in affairs.

Whether it is the train dispatcher's fault or some other person, it matters not; the public won't stand for it any longer. It is an injustice and imposition that is not so intended by the C. and O. officials, and as soon as they are informed of the state of affairs there will be a change, you bet.

A word to the wise is sufficient.

## KICKERS' CORNER

If any one at any time for any reason has any cause to "kick" in any way at anything of any kind, here's the place to say his say. The door is open—well right in and help yourself, free gratis for nothing—but don't make your "kicks" too long—it's the short, quick fellows that count—and out. The name of the kicker must accompany the kick, or it'll be kicked into the waste-basket.

Give us a paid Fire Department. Why? Because we need it and need it badly. Every other town has one, even those smaller than Maysville. The Fire Department is alright when it gets there and has proper apparatus to fight with, but that is the trouble. For instance, take the Carr's Mill fire a few days ago, the damage amounting to \$10,000. If the Department was there, say five minutes after it was discovered, and had proper apparatus, the damage would be hardly over \$2,000, a saving of \$8,000, enough to organize and maintain a company for quite a while. Why don't the city have one? I say let us have one.
